The West Palm Beach Police Department Registration Program was designed to aid in the recovery of lost or stolen bicycles. Registering is quick and easy.

WHY IS A SERIAL NUMBER IMPORTANT?

Serial numbers are a set of characters that uniquely identify an object and can be used for traceability. Serial numbers are especially important when reporting stolen items such as bicycles. A serial number is used as a method to enter the bicycle in our state and nationwide computerized record system as stolen.

Input of your stolen bicycle into these databases increased your chances of having your bicycle returned, and makes it possible to file charges against the person in possession of the bike.

WITH AN OUNCE OF PREVENTION, HERE’S WHAT YOU CAN DO:

Register your bicycle with the West Palm Beach Police Department. Your registration provides us with the necessary information so that if your bike is ever stolen we have a record of the serial number when you call to make your report.

Simply complete the registration form in this brochure and submit it to the West Palm Beach Police Department Crime Prevention Unit.

Upon receipt of your form:

• You will receive a bicycle registration sticker. Its tracking number is exclusive to you and indicates your bike is registered with the WPB Police Department.

• Apply the sticker to your bicycle.

IMPORTANT THINGS TO REMEMBER

If your bike is stolen...

Report any stolen property immediately to your local law enforcement agency. If your bike was stolen in the city of WPB, please call the Police Department non-emergency line at 561-822-1900.

Have your bicycle registration number ready and other identification information ready when the officer arrives (refer to reverse side of brochure).

What if I sell my bike?

If you sell your bike after you have enrolled with the police department’s bike registration program contact the Crime Prevention Unit at 561-822-1621 to notify us of the transfer.

Lastly, don’t forget:

• Always wear a helmet. Florida law requires anyone under the age of 16 to wear a helmet.

• Always lock up your bike. Whether you use a bike lock or place it in a storage space, keep it under lock and key.

• Ride your bike safely. Always follow the rules of the road and be sure to keep a watchful eye on young riders.
